学习效果 (Student's Achievement):

We spent the first two weeks of this month to review all we learned last semester. All the kids can easily say the numbers, colors and fruits. We still need do more writing exercise, especially the character strokes.

教师点评 (Teachers' Comment):

- 1、 This is our first month of this semester, so we do more reviews instead of learning new words.
- 2、 Most of our beginner class kids will participate the performance for Chinese New year celebration event. We spend almost three weeks to prepare the singing and dancing. Some of them will also play the drama with intermediate and advanced class. The song and drama are not easy for our

beginner level, but our kids did great job. I even heard them sing the song when we line up before class.

下月计划 (Plan For Next Month):

- 1、 All the students will prepare another performance for all the ASMC parents in next few weeks.
- 2、 Review and learn more body parts.
- 3、 Get familiar with strokes and start to write basic characters in the right order.
- 4、 Finish lesson 3 and 4 and start to learn more animals in lesson 5.
